Data enthusiast with 6.5 years of dedicated experience in business intelligence and reporting, specializing in Qlik. I possess strong capabilities in Qlik designing and development, ensuring robust and efficient solutions. Known for my rapid learning abilities and adeptness at quickly mastering new tools and technologies, I excel in implementing them in real-time to deliver effective solutions. My comprehensive skill set in Qlik development and support guarantees consistent and high-quality maintenance post-development.

## HOBBIES AND INTERESTS

- Explore new things like tools, technologies and finding new improvement methods
- Reading newspaper, magazines and watching television news
- Cooking

## EXPERIENCE

**Enhancing new skills, tools and technologies.** Looking for a new role.

07/2022 - Current

Continuously developed capabilities in various areas by staying up to date with the latest advancements in my field.

New learnings:

1. Alteryx
2. Data Engineering
3. Resume projects

**Senior Consultant (Qlik)** HSBC (Capgemini - FTE)

04/2021 - 07/2022

- Prepared Qlik Sense apps, analyzed JSON data of various IT Projects from JIRA system
